

Blok - Reference for Grinnell Concierge Service

Blok has been implementing and utilising the services of Grinnell Concierge Service at a number of our more recent developments that have been completed in the past year.

We, as well as our owners have been very impressed with the level of service, and quality of personal that are employed at the developments by Grinnell.

Our owners, as well as ourselves have found that they are very friendly, helpful and respectful, and are well presented at all times.

We have enjoyed making use of their Concierge service and will be making use of it again at our next development which is due to be completed in July 2018.

Kind regards

Rudy Badenhorst
Sales & Client Service Manager
