

23.08.2017

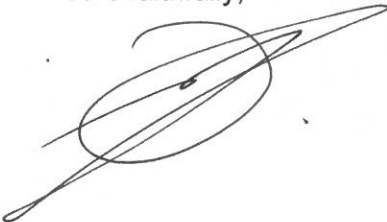

To Whom it may concern:

I hereby confirm that Professional Concierge Services has been rendering an extremely professional service for us at PWC, Cape Town. Upon commencement of the contract in July 2016, we were not completely sure if we should appoint another security company as all of them draw staff from the same pool of people.

We originally went out on tender for security services for PWC but after the presentation from Grinnell we realized that their Professional Concierge Services was more suitable to our needs and we opted for that route.

To date we have been nothing but happy with our decision and have no hesitation in recommending them for any tender / contract that they may enter into.

Yours faithfully,

Sincerely

Yaquub Omar
