To whom it may concern.

Due to the high level of crime,
we have acquired the services of Grinnell Security.

Minor issues are attended to timeously and to our satisfaction. Their "hands on", approach is to be commended.

The guards that they employ are very punctual,efficient and courteous.

Since the security guards started, we have peace of mind, knowing that their presence is a real deterrent for criminals.

I would highly recommend Grinnell to anyone who desires peace of mind.

Yours faithfully,
